- "Great museum!"
- "Loved learning about your history, thank you!"
- "This museum doesn't look that big on the outside - sure is great on the inside!"
- "My kids loved it! Fun museum!"
- "I have German heritage but never knew much about it. Thank you for teaching me!"

At the very end of our exhibit galleries, we have a comment book that we have available for our visitors to sign. While some sign and some do not, we receive about 130 entries per month from all over the world - Germany (no surprise there!), South Africa, Japan, India, and almost every U.S. state, plus several other countries that I don't have the space to mention. It is amazing that so many people are interested in Frankenmuth history. It is their words that help us to gauge our outlook on exhibits, help us gather feedback for planning, lighting, panel placement, etc. and gives us motivation when the days get long in the museum world.

I read through these comments often throughout 2021, thankful that we were again able to host these visitors, programs, events, and tours, after the events that 2020 threw at us. Not taking anything for granted throughout '21, we truly set some high goals for ourselves this year!

With a target to become more accessible and visible to the public after a quiet 2020, we worked hard throughout 2021 to meet that goal. Events such as our first-ever Pioneer Festival in Cross Park was a huge success thanks to businesses and volunteers in the community coming together. In addition, advertising the event was a blast as we hosted a float in the Bavarian Parade for the first time! The FHA was also featured on travel blogs, news and magazine articles (including a New York Times article featuring Frankenmuth!), and the PBS documentary "Mid Michigan Remembers". Our Walking Tour was made available to the public and is an activity that has received positive feedback from locals and visitors alike, and completely opens up our accessibility for those with both physical and financial burdens. Education programs and guided tours were also back in full swing and it was wonderful to be seeing the gift shop and galleries full once again!

A few other feathers in our cap included a scholarship created for Frankenmuth High School Seniors by the FHA, in conjunction with Keith Boesnecker, an amazing fundraising auction, and some very helpful grant awards received from the Michigan
Arts and Cultural Council, the Frankenmuth Community Foundation, 100 Women Who Care, and the Wickson-Link Memorial Foundation.

Of course, we cannot discuss 2021 without mentioning the retirement of Mary Nuechterlein, the FHA's Collection Manager for the last 44 years. Retiring this past June, Mary still thankfully comes back to volunteer with us once a week. We wish her the best in her new phase in life!

Another chapter that closed for us this year was the sale of the Lager Mill building that the FHA Membership voted on in early 2021. While the sale wasn’t made official until the very start of 2022, I am thankful that it is financially off our books and am excited for its future as property of Zehnder's of Frankenmuth. I'd also like to thank our membership for doing your fiduciary duty and keeping in mind the best interest of the FHA.

As we roll into 2022, our work is never done! Just within the first few months alone, we have already hosted an intern from Germany, Sonja Friese, and started a Podcast that is producing bi-weekly presentations for listeners and lovers of all history eras. Our exhibit expansion, which will bring our "timeline" up from 1995 through 2022 is at the front of our minds as planning and fundraising are a daily discussion in our office. Please keep an eye out for details as the design process continues!

While reading through the guest book pages at the end of 2021, I came across one that I especially appreciated: Autumn from Las Vegas, NV wrote "Very interactive, informative, and entertaining. You can tell that hard work was put into make this a wonderful experience." Autumn was 100% right. Hard work, lots of thoughts and discussion, and hours go into creating an experience for our guests, not only in our tours and programs, but in our exhibits too. Throughout 2022 we hope you are able to visit our museum and see the efforts put in to preserving and sharing our history!

As we reach what I hope is the end of COVID and the restart of normalcy in our lives, I would like to thank each of you for the continued, unwavering support, and mission to "Preserve, Communicate, and Celebrate" Frankenmuth's history.

We hope to see you throughout 2022!

2021 provided a chance for a fresh start in many areas, including exhibits and programming! We launched several new programs, including our 1st Annual Pioneer Fest, All-Access Tours, and our virtual History at Home program. Through these efforts, our staff provided safe and socially-distanced programming for over 1,500 visitors!

Our temporary exhibits featured fascinating aspects of the Franken-colonies history. Our "We Survived This" exhibit explored the 1996 tornado, flooding, fires, and child safety. The "Great Lakes State Goes to War" exhibit investigated how WWII impacted Frankenmuth and their contributions to the war effort. And finally, "Surviving the Cold War" expanded on our understandings of the atomic age, and how it impacted life at home. We received some great feedback for these exhibits, and some artifacts are now displayed in our permanent galleries. An example of just one way that research enhances our understanding of the past.

We are setting our sights on much higher numbers in 2022 and planning some ambitious projects! We hope to grow our Pioneer Fest (August 20 at Cross Park) and make it a staple event that ends the summer.

We are also kicking off fundraising and planning for an exhibit renovation and expansion! Museum standards have evolved since the construction of our initial exhibits in 1995 and a major renovation will help make our museum more accessible, interactive, and be a better instrument to "preserve, communicate, and celebrate" our history! We want this to be a community project as well, so we are asking for your feedback! Please join us on June 7 @ 6:00pm in Fischer Hall for our "Town Hall," to discuss ideas and initial plans for the renovation.

With your support, 2022 will be the best year ever for the FHA!
Theodore Fischer came from Germany in 1876 and established himself by building the fourth hotel in Frankenmuth. In 1894 Fischer added a hall to the premises for guests and entertainers to perform and as a meeting place for Frankenmuth residents. He painted the Masonic slogan "Einigkeit Macht Stark" (Strength Through Unity) on the arch over the hall's stage. Today, Fischer Hall continues to serve its original purpose of hosting local events, weddings, performances, and small gatherings.

There were very few rentals in the first few months of 2021, due to the Department of Health and Human Services' gathering restrictions. Once the restrictions were lifted, we saw numbers start to return to pre-COVID numbers. There were a total of 59 bookings, and an income of $14,533, more than double that of 2020. Private events booked this year included meetings, album release parties, birthday parties, retirement parties, Girl Scout bridging ceremonies, weddings, bridal showers, workshops, baby showers, video filming sessions, artifact cataloging, conferences, rehearsal dinners, conventions, banquets, retreats, customer appreciation nights, holiday parties, caroling, field trips, and other various types of events.

The Hall hosted 50 public events in 2021, including book club meetings, movie nights, comedy shows, crafting sessions, trivia nights, blood drives, garage sales, lectures, painting classes, concerts, Christmas events, and magic shows. Look for even more fun and educational public events from the FHA in 2022!

Don't forget, we have a wonderful sound system with Blu-Ray and HDMI connectivity, an overhead projector and a large screen, so Fischer Hall is ideal for meetings that require presentation facilities. It's great for "movie night" parties too! And remember, your FHA membership gives you a discount off your rental fee and a discount on an extra day for setting up the day before or cleaning up the day after (pending availability of the extra day)!

2022 will include some minor updates to the Hall kitchen, as the frequent use does take its toll. Overall, we are thankful to preserve this piece of Frankenmuth history and utilize it as a source of income for the Association.

Here's to 2022 being the best year for Fischer Hall yet!
2021 was a time of transition for the collections department at the FHA. We said a fond farewell and thank you to Mary Nuechterlein as the Collections Manager, and welcomed Malcolm Cottle to the team. But, we are lucky enough to have Mary returning as a volunteer once a week to answer questions and help maintain important institutional knowledge!

In 2021, we prioritized improving collection storage spaces and creating systems for improved accessibility. We started by renovating one of our basement storage areas which had a water leak. The construction project included installing a new draining system for the room which now moves ground water away from the basement before it can get into our storage areas. In addition, we purchased a variety of new steel storage units to house larger artifacts and make more use of our vertical space. This allowed us to create more overall space and configure more secure locations for artifact storage. We also rearranged the locations and storage of our valuable photographic and archival collection to make them more accessible and free up much needed office space. We have also implemented a new storage location hierarchy system for easily locating artifacts.

We successfully upgraded our collections management system to a new web-based version! The data transfer process was time consumer, but well worth the effort! This new system allows us to access our database from anywhere and easily update locations and other information related to artifacts. This upgrade was only made possible with support from the 100+ Women Who Care - Mid-Michigan and we thank them for their support!

Along with these major projects, business as usual continued with multiple research requests, genealogy requests, artifact acquisitions and cataloguing, and more.

We are very excited for 2022 where the Collections Department plans to take an active role in further implementing museum standards, increasing digitization and accessibility, and playing a key role in the mission of the FHA.
2021 was a year of exciting changes in the gift shop. The main change was the rebranding of the gift shop to be called the Frankenmuth Trading Post. This name was inspired by a sign that is in our collection from a store that was actually called the Frankenmuth Trading Post, and we felt it encompassed the spirit of what we were trying to accomplish with the gift shop moving forward. We have had some new signage made by Premier Promotions and Sebald Signs, with a new logo, all inspired by the sign in the collection. The lettering on the front window has been removed, and a sign hangs there instead, giving the front of the building a fresh look.

The most exciting change, however, was the purchase of Square register and point of sale system! A much quicker and easier way to ring customers up and track inventory, we are very thankful for the 100+ Women Who Care - Mid Michigan for the funding for this much-needed upgrade.

A memorial for Greg Rummel was also placed inside the Trading Post in late 2021. A group of his college friends from MSU generously donated money to the FHA for the purpose of creating a memorial for him, since he was such an active supporter of the FHA and a lover of Frankenmuth history. Local artist and Saginaw Castle Museum employee Geoffrey Pelkey created the beautiful piece which now stands as a maple tree/bookshelf which holds some of Greg's most-favorite Frankenmuth books. We are honored this long-standing memorial is at the FHA!

The end of 2021 wrapped up Trading Post manager Colin Bernreuter's work at the FHA. He will be replaced by FHA's Fischer Hall Coordinator, Jenna Swanson, who will be adding the Trading Post to her responsibilities. We wish Colin all the best in his endeavors!

As always, none of this would be possible without the assistance of our workers, Chad Hitchcock, Larry Bernthal, and new to the 2022 staff, Vicki McClure and Ethan Baumgartner, as well as our dedicated volunteer, Chris Budnik. As we turn to 2022, be sure to stop into the store to see all the exciting changes and to take advantage of your Members Only discount. Our retail space will continue to transform and we hope you'll like the design updates and variety of items for sale.
